CECAAL PRIVATE TOURS FOR INDIVIDUALS & FAMILIES (SMALL GROUPS of 1-25 persons)

CECAAL is not only about regular Sized groups but we can also set up college visits for Individuals and very small groups. We have the ability to specifically cater to the needs of a single Individual who needs to visit a specific campus. Or, to a parent who wants to see the campus their child has just gotten accepted to. Or, perhaps a small group of friends have decided that they want to go and see their favorite college together before they apply. These smaller sized trips can be set up or any number of days you need and depending on your budget you can through CECAAL Tours set up college visits in any state and most nations.

ECL PRIVATE TOURS FOR GROUPS & AGENCIES (LARGER GROUPS of 26-1000+ persons)

CECAAL trips are filled through a national selection process, therefore, we cannot guarantee to any group that ALL of their students will be accepted on any posted trip. So, for groups which require that all their students must attend the same trip in order to meet policy or educational requirements will find that an ECL customized private tour is the solution. Some groups may have specific dates they can only travel, others may have a particular curriculum to use, still others may be under religious, agency, or governmental policies, and others may want only a particular type of college to be visited. ECL can do tours up to 1000+ persons.
